

Coaches' Guide To Mini Rugby

Coach the player not the game

Mini rugby is about participation, fun and enjoyment. Coach the individual to help develop their full potential.

Respect the Referee

The referee's decision is final. Set the best example for your players.

Let players think

Stay off the pitch and allow your players space to play the game.

Keep calm

Shouting instructions is not coaching. Communicate in a positive and constructive manner.

Let them play

Always remember, children are involved in sport for their enjoyment, not yours.
