

Officiating Overseas

-
- No member should seek or accept an offer of being a match official outside of Ireland without the express approval of the IRFU refereeing department.
 - No travel arrangements should be entered into on the potential of such approval.
 - At the earliest feasible point when there is an intention to do so, the member should contact the Hon Sec of the society to seek guidance on the procedure to seek such approval.

You may view the IRFU statement in relation to these matters by following this link.
